

Reference

Product: **Nanotol Cleaner and Protector**

Location Mexico

Object: Grand Class Hotel

In 2010 the company Nanoteknic sealed all windows and glass covered doors with Nanotol at the „Grand Class Hotels and Resorts, Monterrey“. The surfaces were thoroughly cleaned with Nanotol Cleaner. The coating was applied evenly and polished dried.

Thanks to highly efficient nano technology, the hotel management was pleased about the 70 % reduction of cleaning costs. Nanotol is sustainable, environmentally-friendly, time saving and less expensive than regular cleaning agents.
